Parenting Programme Evaluation Bundle

Evaluate caregiver confidence, use of programme strategies and the fit of programme delivery.

BUNDLE PREVIEW

Voluntary parenting education and family support programmes. Not a parenting competence assessment or child protection decision tool.

Indicator	Source and collection	Interpretation
Caregiver confidence	Item O1; baseline and exit; optional follow-up	Higher is favourable; compare item separately
Calm communication	Item O2; baseline and exit; optional follow-up	Higher is favourable; compare item separately
Routine confidence	Item O3; baseline and exit; optional follow-up	Higher is favourable; compare item separately
Support access	Item O4; baseline and exit; optional follow-up	Higher is favourable; compare item separately

Preview only. Full bundle includes protocol, editable collection and reporting templates. Original questions require local piloting; no validated diagnostic or compliance score.

Te Whare Tapa Whā

Holistic reflection for your parenting programme and family routines.

Acknowledging the Māori health model developed by Tā Mason Durie. We use original service-specific prompts to support discussion across the four dimensions; these prompts are not a validated measure or an endorsed Māori evaluation instrument.

Taha tinana Physical wellbeing	Taha hinengaro Thoughts and feelings
Taha whānau Whānau and relationships	Taha wairua Spiritual wellbeing, identity and meaning

Whenua and place context

Invite discussion of the land, places and environments that support connection and wellbeing where this is relevant and welcomed. Record this context separately; it is not a fifth numerical scale.

Use the dimensions together. Do not rank them, combine answers into a score, or interpret one dimension without the participant’s broader context. Agree the use and meaning with local Māori partners and participants before collection.
